## **SUMMARY OF INTERVIEW**

### Attendees, Date and Type of Interview

The May 4, 2007 interview was conducted by Sabing Lee and attended by Examiner Gherbi. The May 9, 2007 interview was conducted by Thomas Yee and attended by Examiner Gherbi.

### Exhibits and/or Demonstrations

No exhibits were presented.

### Identification of Claims Discussed

Claims 38 and 48 were discussed.

### Identification of Prior Art Discussed

International Publication No. WO 00/27317 to Christensen was discussed in view of U.S. Patent No. 6,280,479 to Phillips.

### Proposed Amendments

On May 9, 2007, Thomas Yee discussed amending the priority statement to add a patent inadvertently omitted from the priority chain. Specifically, Thomas Yee discussed amending the priority statement to correctly include U.S. Patent No. 6,280,479 to Phillips.

### Principal Arguments and Other Matters

During the May 9, 2007 interview, it was argued, among other things, that International Publication No. WO 00/27317 to Christensen was not prior art because Applicant's claims are supported, at least in part, by U.S. Patent No. 6,280,479, which pre-dates the Christensen reference.

### Results of Interview

Examiner Gherbi requested that Applicant present the foregoing arguments in a written response, which Applicant sets forth herein. Examiner Gherbi indicated that she would examine the matter further.
